CONTENTS OF VOLUME 12

Number 1, July 1983

Review article

Protein binding of β-lactams; the effects of activity and pharmacology particularly tissue penetration
R. Wise 1

Original articles

The killing effects of cefathiamidine or ampicillin alone and in combination with gentamicin against enterococci
H. Y. Chen and J. D. Williams 19

Biliary excretion and pharmacokinetics of cefoperazone in humans
B. Kemmerich, H. Lode, K. Borner, D. Belmega, T. Jendroschek, P. Koeppe and G. Goertz 27

Pharmacokinetics of *N*-formimidoyl thienamycin and influence of a renal dipeptidase inhibitor in experimental meningitis
D. E. Washburn, J. R. Perfect and D. T. Durack 39

Pharmacokinetics of temocillin (BRL 17421) in subjects with normal and impaired renal function
A. Leroy, G. Humbert, J.-P. Fillastre, F. Borsa and M. Godin 47

Temocillin in peripheral lymph
T. Bergan, A. Engeset and W. Olszewski 59

Ceftriaxone therapy of serious bacterial infections
L. J. Eron, C. H. Park, R. I. Goldenberg and D. M. Poretz 65

Effect of low dose acyclovir (5 mg/kg) on virus shedding, interferon and humoral immunity in herpes zoster
M. Larkin, M. M. Ogilivie and J. I. McGill 79

Short articles

Activity of cefotaxime and metronidazole against *Bacteroides* and *Escherichia coli* alone and in mixed culture
F. Soriano, C. Ponte and M. Santamaría 89

The intraperitoneal penetration of temocillin
R. Wise, I. A. Donavan, J. Drumm, A. Dyas and C. Cross 93

Parkinsonism associated with intraventricular amphotericin B
J. F. Fisher and J. Dewald 97

Number 2, August 1983

Leading articles

The use of antibiotics in pregnancy—**A. Philipson** 101

Management of infection in granulocytopenic patients—**J. Klatersky** 102

Review article

Protein binding of β-lactams: the effects on activity and pharmacology particularly tissue penetration II
R. Wise 105

Original articles

Mode of action of ceftazidime: affinity for the penicillin-binding proteins of *Escherichia coli* K12, *Pseudomonas aeruginosa* and *Staphylococcus aureus*
M. V. Hayes and D. C. Orr 119

The origin and properties of β-lactamase satellite bands seen in isoelectric focusing
I. N. Simpson and S. J. Plested 127

Susceptibility of penicillin-resistant pneumococci to eighteen antimicrobials: implications for treatment of meningitis
D. T. Tweardy, M. R. Jacobs and W. T. Speck 133

Resistance in oral streptococci after repeated two-dose amoxycillin prophylaxis
P. J. Southall, N. J. Mahy, R. M. Davis and D. C. E. Speller 141

Effect of probenecid on the pharmacokinetics of ceftizoxime
M. LeBel, R. P. Paone and G. P. Lewis 147

Materno-fetal transfer of azlocillin
D. A. Kafetzis, D. C. Brater and J. E. Fanourgakis 157

Effect of cefoperazone on faecal flora
K. Alestig, H. Carlberg, C. E. Nord and B. Trollfors 163

Is treatment of acute exacerbations of chronic bronchitis with intramuscular mezlocillin justifiable?
F. P. V. Maesen, B. I. Davies, J. Brouwers and T. Salemans 169

Piperacillin and tobramycin in the treatment of *Pseudomonas* lung infections in cystic fibrosis
J. A. A. Hoogkamp-Korstanje and J. van der Laag 175

Short articles

Multiple dose pharmacokinetics of ketoconazole and their effects on antipyrine kinetics in man
T. K. Daneshmend, D. W. Warnock, M. D. Ene, E. M. Johnson, G. Parker, M. D. Richardson and C. J. C. Roberts 185

Determination of serum 5-fluorocytosine concentrations in the presence of ketoconazole
G. A. Roselle and P. Warth 189

Isoelectric focusing of β-lactamases on cellulose acetate membranes
A. Eley, J. Ambler and D. Greenwood 193

Correspondence

Intestinal side effects of cefoperazone—**K. Alestig, H. Carlberg, B. Trollfors and C. E. Nord** 197

Number 3, September 1983

Leading articles

Supplements—**I. Phillips** 199

Combination therapy with β-lactam antibiotics—**H. Lode** 200

The diagnosis and management of septic arthritis in children—**S. H. Norris** 203

Antimicrobial chemotherapy in the treatment of brain abscess—**J. de Louvois** 205

Original articles

Netilmicin 150 mg every 12 hours in systemic infections
M. J. Haverkorn 209

An open study of ceftazidime in the treatment of serious bacterial infection
S. G. Allan, S. C. Glover, C. C. Smith, K. M. Hadley, T. M. S. Reid, K. Han, J. Mc. C. Murdoch and P. M. Ingram 219

The penetration of trimethoprim and sulphamethoxazole into synovial fluid
M. A. Sattar, M. I. D. Cawley, J. E. Holt, M. G. Sankey and C. M. Kaye 229

Persistence in serum and lungs of guinea pigs of erthromycin, gentamicin chloramphenicol and rifampicin and their *in-vitro* activities against *Legionella pneumophila*
D. H. Gibson and R. B. Fitzgeorge 235

Three to eight weeks of therapy with netilmicin: toxicity in normal and diabetic patients
M. G. Bergeron, C. Lessard, A. Ronald, G. Stiver, C. E. van Rooyen and P. Chadwick 245

Transferable trimethoprim resistance in three Finnish hospitals
P. Huovinen, L. Pulkkinen and P. Toivanen 249

Laser nephelometric semi-automated system for rapid bacterial susceptibility testing
R. M. F. Guinet and M.-A. Mazoyer 257

Short articles

Differential susceptibility of *Aeromonas hydrophila* and Enterobacteriaceae to nalidixic acid
R. Zemelman, M. Dominguez, C. Merino, J. Silva, C. Gonzalez and M. A. Mondaca 265

Influence of β-lactamase-producing strains of *Branhamella catarrhalis* and *Haemophilus influenzae* on certain β-lactam antibiotics
J. Johnsson and J.-E. Brorson 269

Amoxycillin/clavulanic acid: the effect of probenecid
D. H. Staniforth, D. Jackson, H. L. Clarke and R. Horton 273

Determination of extravascular concentrations of doxycycline
O. Cars and D. M. Ryan 277

A problem in the interpretation of β-lactam antibiotic levels in tissues
D. M. Ryan and O. Cars 281

Gentamicin-associated changes in renal function reversible during continued treatment
R. Trollfors 285

Correspondence

Monitoring susceptibility patterns of *Staphylococcus aureus* in hosptial infections: a guide for epidemiologically oriented chemotherapy—**Regional Collaborative Group for Study of Antibiotic Resistance coordinated by M. Mandelli and P. Mosconi** 289

Antibacterial activity of norfloxacin—**R. C. Spencer, P. Wheat and T. Smith** 291

The PBPs of *Bacteroides fragilis*—**L. J. V. Piddock and R. Wise** 292

Susceptibility studies in the *Bacteroides fragilis* group resistant to clindamycin—**J. Linares, J. L. Pérez and R. Martin** 293

Concentrations of metronidazole and its major metabolites in continuous ambulatory peritoneal dialysate—**A. Bush, J. E. Holt, M. G. Sankey, C. M. Kaye and R. Gabriel** 294

Number 4, October 1983

Leading articles

Application of non-animal models to studies of the chemotherapy of bacterial urinary tract infections—**J. D. Anderson** 297

Partial treatment and partial diagnosis in progenic meningitis—**F. J. Nye** 300

Original articles

Effect of imidazole antifungals on the development of germ tubes by strains of *Candida albicans*
E. M. Johnson, M. D. Richardson and D. W. Warnock 303

The sensitivity of mycelium, arthrospores and microconidia of *Trichophyton mentagrophytes* to imidazoles determined by *in-vitro* tests
L. R. Wright, E. M. Scott and S. P. Gorman 317

Characterization of spontaneous resistant variants of *Serratia marcescens* selected in the presence of carbenicillin
D. J. Platt, J. S. Sommerville and J. A. McGroaty 329

Cefoperazone against carbenicillin-resistant isolates of *Pseudomonas aeruginosa:* comparison with other newer cephalosporins and *N*-formimidoyl thienamycin
P. Y. Chau, J. Ling and W. S. Ng 337

Susceptibility of clostridia from farm animals to 21 antimicrobial agents including some used for growth promotion
G. N. Dutta, L. A. Devriese and P. F. Van Assche 347

International collaborative study on standardization of bacterial sensitivity for fosfomycin
J. M. Andrews, F. Baquero, J. M. Beltran, E. Canton, F. Crockaert, M. Gobernado, R. Gomez-lus, E. Loza, M. Navarro, T. Olay, A. Rodriguez, M. V. Vicente, R. Wise and E. Yourassowsky 357

Reduced sensitivity to β-lactam antibiotics arising during ceftazidime treatment of *Pseudomonas aeruginosa* infections
A. King, K. Shannon, S. Eykyn and I. Phillips 363

Reproducibility study of the pharmacokinetics of amikacin, gentamicin and tobramycin; a three-way crossover study
A. Dyas, R. Wise, J. Pijck, Th. Hallynck, J. Acar, D. Adam, R. Cadorniga, M. Wenk and H. H. Soep 371

Latamoxef (moxalactam) kinetics in volunteers studied by a specific HPLC assay technique
A. M. M. Shepherd, T. C. Hardin, T. M. Ludden, D. J. Miner and D. L. Coleman 377

A randomized study comparing clinical efficacy and safety of thienamycin formamidine (MK0787)/renal dipeptidase inhibitor (MK0791) and cefazolin
B. S. Ribner, R. Raeder, M. Hollstein, and E. H. Freimer 387

A prospective, randomized study of amikacin and gentamicin in serious infections with focus on efficacy, toxicity and duration of serum levels above the MIC
S. E. Holm, B. Hill, A. Löwestad, R. Maller and T. Vikerfors 393

Short articles

Assay of netilmicin in serum by substrate labelled fluoroimmunoassay
L. O. White, M. J. Bywater and D. S. Reeves 403

Pharmacokinetics of cefoperazone in normal subjects and patients with hepatosplenic schistosomiasis
J. A. Boscia, O. M. Korzeniowski, W. D. Kobassa, H. Rocha, M. E. Levison and D. Kaye 407

Correspondence

Antagonism between cefoxitin and other β-lactams: a new perspective—**R. A. Fromtling and H. H. Gadebusch** 411

In-vitro activity of netilmicin against *Nocardia*—**F. Martin-Luengo and P. L. Valero-Guillen** 413

Erythromycin resistance only found in *Campylobacter coli*—**D. A. Secker** 414

Book review 417

Number 5, November 1983

Leading article

Antibiotics in bile—**M. Thomas** 419

Review article

The use of combinations of trimethoprim and sulphonamides in the treatment of chest infections
D. T. D. Hughes 423

Original articles

The permeability barrier of *Haemophilus influenzae* type b against β-lactam antibiotics
J. W. Coulton, P. Mason and D. Dorrance 435

Frequency of β-lactamases that are markedly active against carbenicillin in the *Pseudomonas aeruginosa* strains isolated in a Medical School Hospital
M. Jouvenot, P. Bonin and Y. Michel-Briand 451

Transferable nitrofuran resistance conferred by R-plasmids in clinical isolates of *Escherichia coli*
A. S. Breeze and E. F. Obaseiki-Ebor 459

Susceptibility to mecillinam and other antibiotics and serogroups of enterotoxigenic *Escherichia coli* from children in Addis Ababa
G. Stintzing and J. Jacobsen 469

Serum bactericidal activity of cefoperazone and ceftazidime at increasing dosages against *Pseudomonas aeruginosa*
Y Van Laethem, H. Lagast, M. Husson and J. Klastersky 475

Amikacin concentrations in serum and blister fluid in healthy volunteers and in patients with renal impairment
J. M. Lanao, A. S. Navarro, A. Dominguez-Gil, J. M. Tabernero, I. C. Rodriguez and A. Gonzalez Lopez 481

Subjective response to lysine in the therapy of herpes simplex
D. E. Walsh, R. S. Griffith and A. Behforooz 489

Distribution to human peripheral lymph of amoxycillin and of ampicillin from the oral prodrug bacampicillin
T. Bergan, A. Engeset, W. Olszewski and Sjövall 497

Short articles

In-vivo effect of novobiocin on primary cytomegalovirus infection
G. Furlini, P. Coppolecchia, M. C. Re, B. Baldassarri, A. Ripalti and M. P. Landini 503

Plasmid-determined β-lactamases identified in a group of 204 ampicillin-resistant Enterobacteriaceae
C. Roy, A. Foz, C. Segura, M. Tirado, C. Fuster and R. Reig 507

The activity of miokamycin (MOM) against *Chlamydia trachomatis* and mycoplasmas *in vitro*
G. L. Ridgway, G. Mumtaz, G. Gabriel and J. D. Oriel 511

Activity of trimethoprim (TMP), sulphamethoxazole (SMX) and the combination against *Bacteroides fragilis* group isolates
G. L. Jackson-York, B. B. Gump and D. W. Cump 515

The penetration of cefmenoxime into cerebrospinal fluid across non-inflamed meninges
K. V. I. Rolston, P. H. Chandrasekar, B. R. Smith and J. L. LeFrock 519

Correspondence

Bacteroides fragilis resistant to metronidazole—**Me. A. Eme, J. F. Acar and F. W. Goldstein** 523

Cefoxitin disc induction of latamoxef (moxalactam) resistance—**M. H. Levin, R. A. Weinstein and S. A. Kabins** 524

Book reviews 527

Number 6, December 1983

Leading articles

β-Lactamases: clinical and genetic perspectives—**J.-C. Pechere and R. Levesque** 529

Liposomes in antimicrobial chemotherapy—**V. J. Richardson** 532

Original articles

Molecular basis of chloramphenicol and thiamphenicol toxicity to DNA *in vitro*
I. M. Skolimowski, R. C. Knight and D. I. Edwards 535

Nitrofuran reductase activity in nitrofurantoin-resistant strains of *Escherichia coli* K12: some with chromosomally determined resistance and others carrying R-plasmids
A. S. Breeze and E. O. Obaseiki-Ebor 543

The *in-vitro* activity of bicozamycin against anaerobic bacteria of clinical interest
B. Watt and F. V. Brown 549

Synergy with double and triple antibiotic combinations compared
M. C. Berenbaum, V. L. Yu and T. P. Felegie 555

Antibiotic resistance amongst various types of *Haemophilus* species
S. Mehtar and S. Aminiafshar 565

Effect of the pH and osmolality of urine on the antibacterial activity of gentamicin
M. Papaetropoulou, J. Papavassiliou and N. J. Legakis 571

An evaluation of recently developed antibiotics
C. J. Fernandes, D. A. Stevens, S. I. Murray and V. P. Ackerman 577

Regulation of protein A biosynthesis in *Staphylococcus aureus* by certain antibiotics: its effects on phagocytosis by leukocytes
G. C. Gemmell and A. O'Dowd 587

In-vivo protection of group A β-haemolytic streptococci from penicillin by β-lactamase-producing *Bacteroides* species
I. Brook, G. Pazzaglia, J. C. Coolbaugh and R. I. Walker 599

Staphylococcal central nervous system infections treated with cloxacillin
I. W. Fong 607

Clinical experience with a method for adjusting gentamicin dose from measured drug clearance
P. G. Davey, A. M. Geddes, I. Gonda, W. S. Harpur and D. K. Scott 613

Comparative penetration of latamoxef (moxalactam) and cefazolin into human knee following simultaneous administration
A. L. Hume, R. Polk, B. Kline and J. Cardea 623

The pharmacokinetics of chloramphenicol in the neonate and young infant
A. Mulhall, J. de Louvois and R. Hurley 629

Renal function in patients treated with tobramycin-cefuroxime or tobramycin-penicillin G
B. Trollfors, K. Alestig, S. Rödjer, T. Sandberg and J. Westin 641

Book reviews 647
